

# Work OS

Changing the way that people  
work and businesses operate

# Traditional work software wasn't working

- **Rigid architectures**

Forcing users to adapt to software rather than the other way around

- **Development capabilities limited to a select few**

Creating a lack of speed and agility

- **Disconnected work tools and applications**

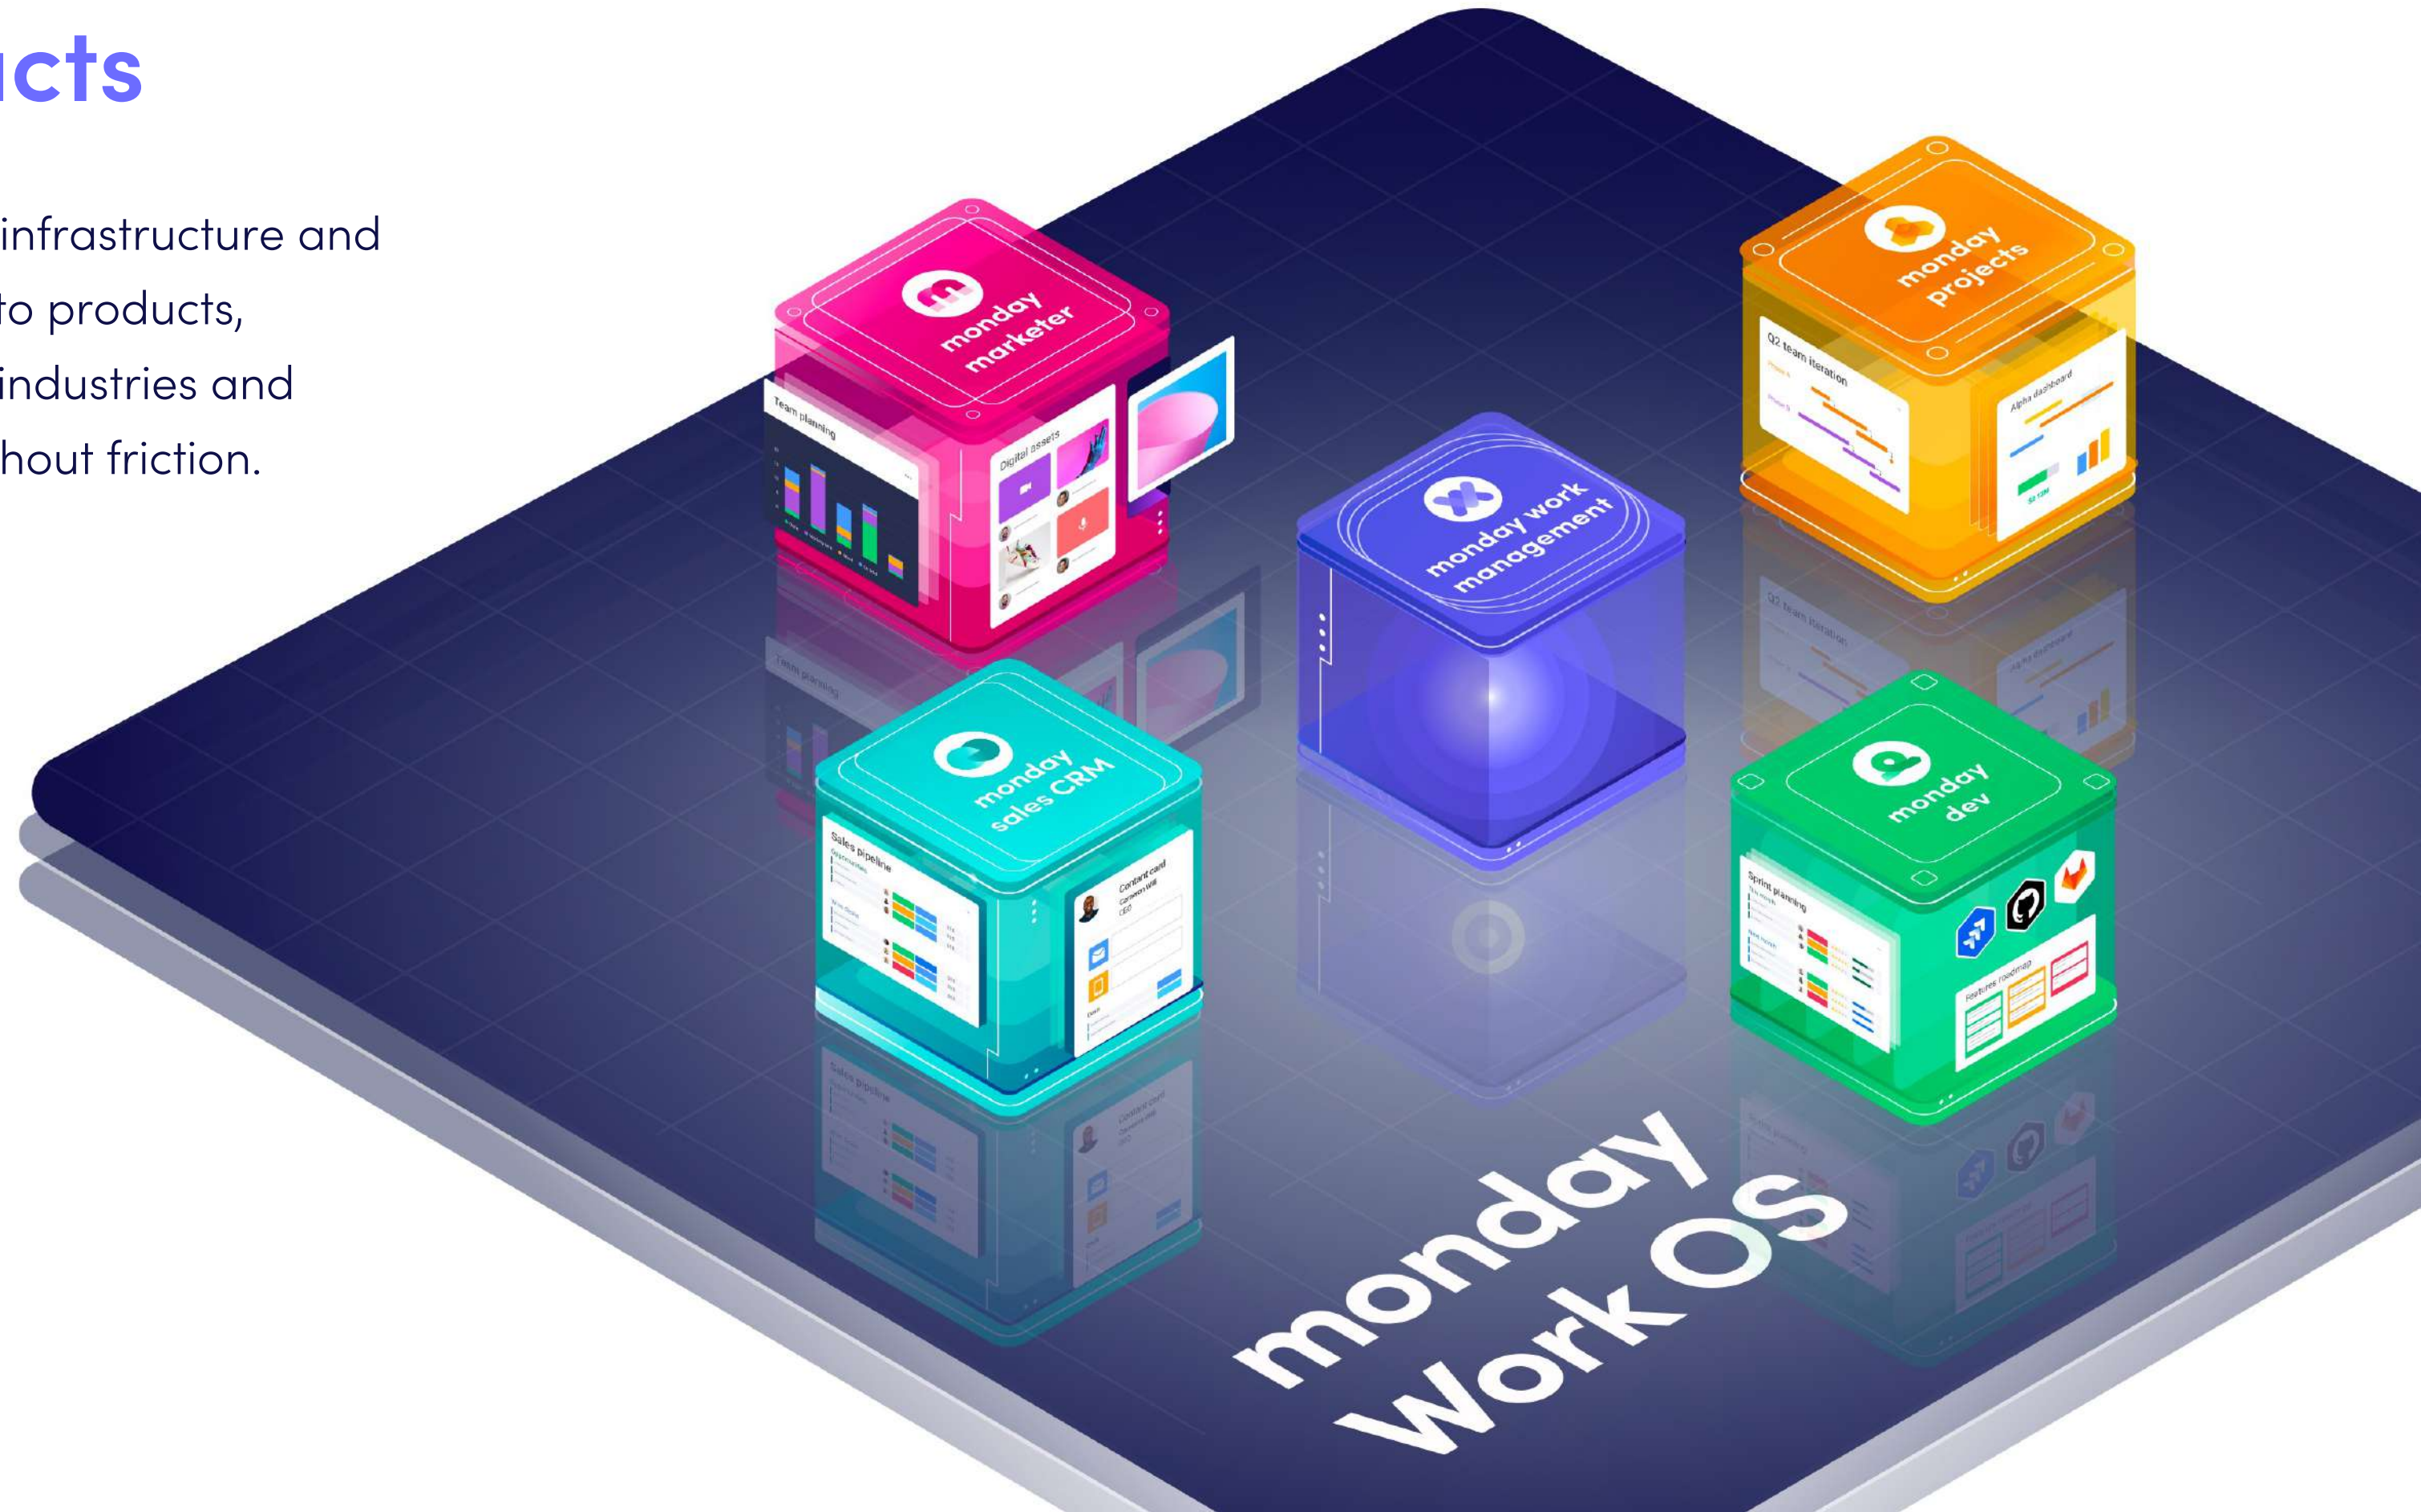

Causing work silos and loss of information

# One platform, many products

We're taking one modular infrastructure and packaging our offerings into products, expanding to hundreds of industries and thousands of use cases without friction.

# Pioneering a new category of software

## The monday.com Work OS
