

Work OS

Changing the way that people work and businesses operate

Traditional work software wasn't working

- **Rigid architectures**

Forcing users to adapt to software rather than the other way around

- **Development capabilities limited to a select few**

Creating a lack of speed and agility

- **Disconnected work tools and applications**

Causing work silos and loss of information

One platform, many products

We're taking one modular infrastructure and packaging our offerings into products, expanding to hundreds of industries and thousands of use cases without friction.

Pioneering a new category of software

The monday.com Work OS

- **Flexible and adaptable**
Built to change and grow with every customer
- **Customizable no-code building blocks**
Easy enough for anyone to use
- **One platform to run all aspects of work**
Where employees run and manage their everyday work
- **Creating a single unified workspace**
Connective tissue integrating tools and aggregating data
